## Safeguarding Statement

Astwood Bank Primary School recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We endeavour to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice. Child protection forms part of the school's safeguarding responsibilities.

### Key Personnel

**The Designated Safeguarding Lead (DSL)** is: Mrs Deborah Yarnold

Contact details: email: [head@astwoodbank.worcs.sch.uk](mailto:head@astwoodbank.worcs.sch.uk) Telephone: 01527892681

**The deputy DSL(s)** is: Mrs Michelle Stack

Contact details: email: [m135@astwoodbank.worcs.sch.uk](mailto:m135@astwoodbank.worcs.sch.uk)

**The deputy DSL(s)** is: Mr Paul Mellows

Contact details: email: [pme143@astwoodbank.worcs.sch.uk](mailto:pme143@astwoodbank.worcs.sch.uk)

**The nominated safeguarding trustee** is: Mrs Alison Flower

Contact details: email: [governors@astwoodbank.worcs.sch.uk](mailto:governors@astwoodbank.worcs.sch.uk)

**The Headteacher** is: Mrs Deborah Yarnold

Contact details: email: [head@astwoodbank.worcs.sch.uk](mailto:head@astwoodbank.worcs.sch.uk) Telephone: 01527892681

**The Chair of Trustees** is: Mrs Alison Flower

Contact details: email: [governors@astwoodbank.worcs.sch.uk](mailto:governors@astwoodbank.worcs.sch.uk)

### **Other named staff and contacts:**

- Designated Teacher for Children in Care: Mrs Deborah Yarnold
- E-Safety Leaders: Mrs. Deborah Yarnold/Paul Mellows/Rebecca Neal
- Safeguarding in Education Adviser, WCC: Denise Hannibal
- Local Authority Designated Officer/Position of Trust: Denise Hannibal
- Education Adviser Safeguarding Lead: Denise Hannibal
- Family Front Door 01905 822666 (core working hours)
- Out of hours or at weekends: 01905 768020

To submit an online Cause for Concern notification log onto:

[www.worcestershire.gov.uk](http://www.worcestershire.gov.uk)

## Terminology

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment.
- preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

Child Protection is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Staff refers to all those working for or on behalf of the school, full or part time, temporary or permanent, in either a paid or voluntary capacity

Child includes everyone under the age of 18.

Parents refers to birth parents and other adults who are in a parenting role, for example stepparents, foster carers and adoptive parents.

*A centre of learning and opportunity*

## 1. Introduction

1.1 Astwood Bank Primary School fully recognises the contribution it can make to protect and support pupils in School. The aim of this policy is to safeguard and promote our pupils' welfare, safety, health and well-being by creating an honest, open, caring and supportive environment. The pupils' welfare is of paramount importance.

1.2 This policy is consistent with

- The legal duty to safeguard and promote the welfare of children as described in section 175 of the Education Act 2002 / section 157 of the Education Act 2002 and the statutory guidance:  
'Working Together to Safeguard Children' 2018  
'Keeping Children Safe in Education' September 2021.
- West Mercia Consortium inter-agency procedures and the WSCB Levels of Need Guidance.

1.3 There are 5 main elements to this policy:

- Prevention (e.g. positive school atmosphere, teaching and pastoral support to pupils, safer recruitment procedures).
- Protection (by following agreed procedures, ensuring that staff are trained and supported to respond appropriately and sensitively to child protection concerns).
- Support (to pupils and school staff and to children who may have been abused).
- Working with parents/carers (to ensure appropriate communications and actions are taken).
- Establishing a safe environment in which children can learn and develop.

1.4 This policy applies to all staff, governors, volunteers and visitors to the school. Child protection is the responsibility of all staff. We ensure that all parents and working partners are aware of this policy by mentioning it in our school prospectus, displaying appropriate information in the school office and on the school website and by raising awareness at meetings with parents/carers.

1.5 Extended school activities: Where the Governing Body provides services or activities directly under the supervision or management of school staff, the school's arrangements for child protection will apply. Where services or activities are provided separately by another body, the Governing Body will seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children and there are arrangements to liaise with the school on these matters where appropriate.

## 2. Safeguarding Commitment

2.1 The school adopts an open and accepting attitude towards children as part of its responsibility for pastoral care. Staff encourage children and parents/carers to feel free to talk about any concerns and to see school as a safe place when there are difficulties. Children's worries and fears will be taken seriously, and children are encouraged to seek help from members of staff.

2.2 Our school will therefore:

- Establish and maintain an ethos where children feel secure and are encouraged to talk and are listened to.

- Ensure that children know that there are adults in the school whom they can approach if they are worried or are in difficulty.
- Include in the curriculum activities and opportunities (specifically through PHSE/ ICT) which equip children with the skills they need to stay safe from abuse (including online) and to know where to get help.
- Ensure every effort is made to establish effective working relationships with parents/carers and colleagues from other agencies.
- Operate safer recruitment procedures and make sure that all appropriate checks are carried out on new staff and volunteers who will work with children including identity, right to work, enhanced DBS criminal record and barred list (and overseas where needed), references, and prohibition from teaching or managing in schools (s. 128).

### 2.3 Safeguarding in the Curriculum

Children are taught about safeguarding in schools. The following areas are among those addressed in PSHE/SRE and in the wider curriculum.

- Bullying/Cyber Bullying
- Drugs, Alcohol and Substance Abuse
- Online Safety / Mobile technologies
- Stranger Danger
- Fire and Water Safety
- Peer to peer Abuse
- Sexual Violence and Sexual Harassment
- Road Safety
- Domestic Abuse
- Healthy Relationships / Consent
- So called Honour Based Violence issues (HBV) e.g. Forced Marriage, Female Genital Mutilation (FGM)
- Sexual Exploitation of Children (CSE)
- Extremism and Radicalisation (in line with the DfE advice Promoting Fundamental British Values as part of SMSC (spiritual, moral, social and cultural education) in Schools (2014))

### 2.4 Support

Our school recognises that children who are abused or who witness violence may find it difficult to develop a sense of self-worth and view the world in a positive way. For such children school may be one of the few stable, secure and predictable components of their lives. Other children may be vulnerable because, for instance, they have a disability, are in care, or are experiencing some form of neglect. Our school seeks to remove any barriers that may exist in being able to recognize abuse or neglect in pupils with Special Educational Needs or Disability. We will seek to provide such children with the necessary support and to build their self-esteem and confidence.

### 2.5 Raising concerns/complaints

We respond robustly when concerns are raised or complaints made (from children, adults including parent/carers) as we recognise that this promotes a safer environment, and we seek to learn from complaints and comments. The school will act and seek to resolve the concerns in a timely way,

keeping people informed as to progress wherever possible. The school's complaints procedures are available from the School Office.

### 3.Roles and Responsibilities

#### 3.1 General

All adults working with or on behalf of children have a responsibility to safeguard and promote their welfare. This includes a responsibility to be alert to possible abuse and to record and report concerns to staff identified with child protection responsibilities within the school (currently called Designated Safeguarding Leads). Staff should be aware that they may need to work with other services as needed and assist in making decisions about individual children.

The Teachers' Standards 2021 state that teachers, including head teachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their decisions about individual children.

**Human Rights Act** : The Human Rights Act 1998 (HRA) sets out the fundamental rights and freedoms that everyone in the UK is entitled to and contains the Articles and protocols of the European Convention on Human Rights (ECHR) (the Convention) that are deemed to apply in the UK. It compels public organisations to respect and protect an individual's human rights when they make individual decisions about them. Being subjected to harassment, violence and or abuse, including that of a sexual nature, may breach any or all of these rights, depending on the nature of the conduct and the circumstances. Further information (including on absolute and qualified rights) can be found at Human Rights | Equality and Human Rights Commission ([equalityhumanrights.com](http://equalityhumanrights.com)).

**Equality Act**: Guidance to help schools understand how the Equality Act affects them and how to fulfil their duties under the act can be found at Equality Act 2010: advice for schools - GOV.UK ([www.gov.uk](http://www.gov.uk)), it may also be useful for colleges. For further information Equality Act guidance | Equality and Human Rights Commission ([equalityhumanrights.com](http://equalityhumanrights.com)).

Every member of staff, including volunteers working with children at our school, is advised to maintain an attitude of 'it could happen here' where safeguarding is concerned and 'think beyond the obvious'. When concerned about the welfare of a child, staff members should always act in the interests of the child and have a responsibility to act as outlined in this policy. They take account of the 'one chance rule' in relation to honour violence-based issues, that an adult may have only one opportunity to save a potential victim.

All staff are encouraged to report any concerns that they have and not see these as insignificant. On occasions, a referral is justified by a single incident such as an injury or disclosure of abuse. More often however, concerns accumulate over a period and are evidenced by building up a picture of harm over time; this is particularly true in cases of emotional abuse and neglect. In these circumstances, it is crucial that staff record and pass on concerns in accordance with this policy to allow the DSL to build up a picture and access support for the child at the earliest opportunity. A reliance on memory without accurate and contemporaneous records of concern could lead to a failure to protect.

The names of the Designated Safeguarding Leads for the current year are listed on page 4 of this document.

All staff should be aware of their duty to raise concerns, where they exist, about the attitude or actions of colleagues using the school's confidential reporting (whistleblowing) policy.

Whistleblowing concerns about the Headteacher should be raised with the Chair of Governors. Where the Headteacher is also the sole proprietor, concerns should be reported directly to the Local Authority Designated Officer (I-ADO).

Staff will be made aware that if they feel unable to raise a child protection failure internally, they can contact the [NSPCC whistleblowing helpline](#).

### 3.2 Governing Body

In accordance with the Statutory Guidance "Keeping Children Safe in Education" September 2018, the Governing Body will ensure that:

- The school has a child protection/safeguarding policy, procedures and training in place which are effective and comply with the law at all times. The policy is made available publicly.
- The policy should be reviewed at least annually or more often, for example in the event of new guidance or a significant incident.
- The school operates safer recruitment practices, including appropriate use of references and checks on new staff and volunteers. Furthermore, the Head Teacher, a nominated Governor and other staff involved in the recruitment process have undertaken Safer Recruitment Training.
- There are procedures for dealing with allegations of abuse against members of staff and volunteers/ people in a position of trust.(See appendix 2).
- There is a senior member of the school's leadership team who is designated to take lead responsibility for dealing with child protection (the "Designated Safeguarding Lead") and there is always cover for this role (at least one deputy) with appropriate arrangements for before/after school and out of term activities.
- The Designated Safeguarding Lead undertakes effective Local authority training (in addition to basic child protection training) and this is refreshed every two years. In addition to this formal training, their knowledge and skills are updated at regular intervals (at least annually) via safeguarding e-briefings etc.

The Head Teacher, and all other staff and volunteers who work with children (including early years practitioners within settings on the school site), undertake appropriate training which is regularly updated (at least every three years in compliance with the WSCB protocol). That new staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities (including this policy and Part 1 of Keeping Children Safe in Education 2021). Training should include indicators of FGM; early signs of radicalisation and extremism; indicators of vulnerability to radicalisation.

- Any deficiencies or weaknesses in these arrangements brought to the attention of the Governing Body will be rectified without delay.
- The Chair of Governors (or, in the absence of a Chair, the Vice Chair) deals with any allegations of abuse made against the Head Teacher, with advice and guidance from the Local Authority Designated Officer (I-ADO).
- Effective policies and procedures are in place and updated annually including a behaviour "code of conduct" for staff and volunteers -"Guidance for Safer Working Practice for those who work with children in education settings October 2019".

- Information is provided to the Local Authority (on behalf of the WSCB) when requested, for example through the Annual Safeguarding Return (e.g section 175 audit and CSE audit).
- There is an individual member of the Governing Body who will champion issues to do with safeguarding children and child protection within the school, liaise with the Designated Safeguarding Lead, and provide information and reports to the Governing Body.
- The school contributes to inter-agency working in line with statutory guidance "Working Together to Safeguard Children" 2018 including providing a co-ordinated offer of Early Help for children who require this. This Early Help may be offered directly through school provision or via referral to an external support agency. Safeguarding arrangements take into account the procedures and practice of the local authority and the Worcestershire Safeguarding Children Board (WSCB).
- The school complies with all legislative safeguarding duties, including the duty to report suspected or known cases of FGM and the duty to prevent young people from being drawn into terrorism. In conjunction with the Head and DSL they should assess the level of risk within the school and put actions in place to reduce that risk.

### 3.3 Head Teacher

The Head Teacher of the school will ensure that:

- The Safeguarding policies and procedures adopted by the Governing Body are effectively implemented and followed by all staff.
- Sufficient resources and time are allocated to enable the Designated Safeguarding Lead and other staff to discharge their responsibilities, including taking part in strategy discussions and other inter-agency meetings, and contributing to the assessment of children.
- Allegations of abuse or concerns that a member of staff or adult working at school may pose a risk of harm to a child or young person are notified to the Local Authority Designated Officer in a timely manner.
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner. The NSPCC whistle blowing helpline number is also available (0800 028 0285).
- All staff are made aware that they have an individual responsibility to pass on safeguarding concerns and that if all else fails to report these directly to Children's Social Care (Children's Services) or the Police.

### 3.4 Designated Safeguarding Lead

The responsibilities of the Designated Safeguarding Lead are found in Annex B of "Keeping Children Safe in Education" 2021 and include:

- Provision of information to the WSCB/Local Authority on safeguarding and child protection in compliance with section 14B of the Children Act 2004.
- Liaison with the Governing Body and the Local Authority on any deficiencies brought to the attention of the Governing Body and how these should be rectified without delay.
- Management and Referral of cases of suspected abuse to Family Front Door FFD (and/or Police where a crime may have been committed) and Disclosure and Barring Service (cases where a person is dismissed or left due to presenting risk / harm to a child).
- Liaise with the Head Teacher to inform him / her of issues.
- Understand the assessment process for providing early help and make use of the Levels of Need guidance when making a decision about whether or not the threshold for Early Help or Social Care intervention is met;
- Act as a source of support, advice and expertise within the school.

- To attend and contribute to child protection conferences and other key partnership risk management meetings when required (Signs of Safety model).
- Be alert to the specific needs of children in need, those with educational needs and young carers.
- Ensure each member of staff has access to and understands the school's child protection policy especially new or part-time staff who may work with different educational establishments;
- Ensure all staff have induction training covering child protection and staff behaviour and are able to recognise and report any concerns immediately they arise.
- Ensure that all staff have Part 1 of "Keeping children safe in education".
- Keeping detailed, accurate and secure written records of concerns and referrals;
- Ensure that there are resources and effective training for all staff.
- Keep up to date with new developments in safeguarding by accessing briefings and journals. Attend refresher training every 2 years and face to face CSE training.
- Ensure compliance with relevant procedures and policies, for example in relation to safe record keeping and transfer.
- Carrying out, in conjunction with the Head teacher and Safeguarding Governor, an annual audit of safeguarding procedures, using the County safeguarding checklist or similar.
- Ensure that the school provides appropriate support for staff who may feel distressed when dealing with safeguarding concerns.

#### **4. Records, Monitoring and Transfer**

- 4.1 Well-kept records are essential to good child protection practice. All staff are clear about the need to record and report concerns about a child or children within the school. The record should include the child's words as far as possible and should be timed, dated and signed. The Designated Safeguarding Lead is responsible for such records and for deciding at what point these records should be passed over to other agencies.
- 4.2 Records relating to actual or alleged abuse or neglect are stored apart from normal pupil or staff records. Normal records sometimes have markers to show that there is sensitive material stored elsewhere. This is to protect individuals from accidental access to sensitive material by those who do not need to know.
- 4.3 Child protection records are stored securely, with access confined to specific staff, e.g. Designated Safeguarding Leads and the Head Teacher.
- 4.4 Child protection records are reviewed regularly to check whether any action or updating is needed. This includes monitoring patterns of complaints or concerns about any individuals (eg child who repeatedly goes missing) and ensuring these are acted upon. Each stand alone file should have a chronology of significant events.
- 4.5 When children transfer school their safeguarding records are also transferred. Safeguarding records will be transferred separately from other records and best practice is to pass these directly to a Designated Safeguarding Lead in the receiving education setting, with any necessary discussion or explanation and to obtain a signed and dated record of the transfer. In the event of a child moving out of area and a physical handover not being possible then the most secure method should be found to send the confidential records to a named Designated Safeguarding Lead. Files requested by other agencies e.g. Police, should be copied.
- 4.6 A record of any allegations (proven) made against staff is kept in a confidential file by the Head.

#### **5. Procedures for Managing Concerns**

- 5.1 Our school adheres to child protection procedures that have been agreed locally through the Worcestershire Safeguarding Children Board (WSCB). Where we identify children and families in need

of support, we will carry out our responsibilities in accordance with the West Mercia Consortium inter-agency procedures and the WSCB Levels of Need Guidance.

- 5.2 The Designated Safeguarding Lead (DSL) should be used as a first point of contact for concerns and queries regarding any safeguarding concern in our school. Any member of staff or visitor to the school who receives a disclosure of abuse or suspects that a child is at risk of harm must report it immediately to the DSL or, if unavailable, to the deputy designated lead. In the absence of either of the above, the matter should be brought to the attention of the most senior member of staff.
- 5.3 All concerns about a child or young person should be reported without delay and recorded in writing using the agreed template (see Appendix 1 for pro-forma or insert your own form here).
- 5.4 The DSL will consider what action to take and have appropriate discussions with parents/carers prior to referral to children's social care or another agency unless, to do so would place the child at risk of harm or compromise an investigation
- 5.5 All referrals will be made in line with local procedures as detailed on the Worcestershire website.
- 5.6 If, at any point, there is a risk of immediate serious harm to a child a referral should be made to Children's Services immediately. Anybody can make a referral. If the child's situation does not appear to be improving the staff member with concerns should press for re-consideration by raising concerns again with the DSL and/or the Head teacher. Concerns should always lead to help for the child at some point.
- 5.7 Staff should always follow the reporting procedures outlined in this policy in the first instance. However, they may also share information directly with Children's Services, or the police if:
- the situation is an emergency and the designated senior person, their deputy and the Head teacher are all unavailable;
  - they are convinced that a direct report is the only way to ensure the pupil's safety.
- 5.8 Any member of staff who does not feel that concerns about a child have been responded to appropriately and in accordance with the procedures outlined in this policy should raise their concerns with the Head teacher or the Chair of Governors. If any member of staff does not feel the situation has been addressed appropriately at this point, they should contact Children's Services directly with their concerns.

### **5.9 Peer on peer abuse**

We recognise that children are also vulnerable to physical, sexual and emotional abuse by their peers or siblings. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting. Abuse perpetrated by children can be just as harmful as that perpetrated by an adult, so it is important to remember the impact on the victim of the abuse as well as to focus on the support for the child or young person exhibiting the harmful behaviour. Such abuse will not be tolerated or passed off as 'part of growing up'.

There is a separate anti-bullying policy and child protection procedures are relevant when the bullying is particularly serious.

Where a child discloses safeguarding allegations against another pupil in the same setting, the DSL should refer to the local procedures on the WSCB website (section 2.12) and seek advice from the Family Front Door or Community Social Worker before commencing its own investigation or contacting parents.

### **5.10 Children with additional vulnerabilities**

There are many children who have additional needs or whose living arrangements may mean that they are more vulnerable to harm, for example children with special educational needs, disabled children, children in public care or privately fostered children. It is essential that the school knows who shares parental responsibility for children and has effective relationships with partner agencies in relation to these children (for example, Virtual School for Children in

The school will ensure that staff have sufficient knowledge and guidance so that they are aware of the additional challenges faced by these children and the impact of their additional vulnerabilities. These can include: assumptions that indicators of possible abuse such as behaviour, mood and injury relate to a child's disability without further exploration; no single point of contact for the school as a child has a number of care-givers and involved professionals; assumptions that state approved care-givers are providing safe care for the child; communication needs of a child which can lead to over reliance on parental accounts and interpretations.

### **5.11 Child Sexual Exploitation (CSE)**

All staff are made aware of the indicators of sexual exploitation. It is sexual abuse involving criminal behaviours against children and young people which can have a long-lasting adverse impact on a child's physical and emotional health. Sexual exploitation involves an individual or group of adults taking advantage of the vulnerability of an individual or groups of children or young people. Victims can be boys or girls. Children and young people are often unwittingly drawn into sexual exploitation through the offer of friendship and care, gifts, drugs and alcohol, and sometimes accommodation. It may also be linked to child trafficking. A common feature of sexual exploitation is that the child often does not recognise the coercive nature of the relationship and does not see themselves as a victim. The child may initially resent what they perceive as interference by staff, but staff must act on their concerns, as they would for any other type of abuse.

The DSL will use the Worcester Safeguarding Children's Board CSE Screening T001<sup>1</sup> on all occasions when there is a concern that a child is being or is at risk of being sexually exploited or where indicators have been observed that are consistent with a child who is being or who is at risk of being sexually exploited.

In all cases if the tool identifies any level of concern the DSL should contact their local Missing and Child Sexual Exploitation Forum and email the completed CSE Screening Tool along with a Family Front Door (FFD) Cause for Concern form. If a child is in immediate danger the police should be called on 999.

### **5.12 Child Criminal Exploitation —County Lines**

This is where children and young people are being exploited and drawn into drug related activity by criminal gangs, groups or individuals. Typically, the gang exploits young or vulnerable people to store and /or supply drugs, move cash and to secure the use of homes belonging to vulnerable adults. There is a cross over between CSE and County Lines and concerns about young people being possibly involved should be passed to the DSL who will refer to Police and the FFD.

### 5.13. Radicalisation and Extremism

The Prevent Duty for England and Wales (2015) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as 'as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous.

Astwood Bank Primary School is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism<sup>2</sup>.

Astwood Bank Primary School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right /Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL. They should then follow normal safeguarding procedures. If the matter is urgent then Worcester Police must be contacted by dialling 999. In non-urgent cases where police advice is sought then dial 101. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

### 5.14 Honour-based Violence

Honour based violence (HBV) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code. It is a violation of human rights and may constitute domestic and/or sexual abuse.

Honour based violence might be committed against people who

- become involved with a boyfriend or girlfriend from a different culture or religion.
- want to get out of an arranged marriage.
- want to get out of a forced marriage.
- wear clothes or take part in activities that might not be considered traditional within a particular culture.

### 5.15 Female Genital Mutilation (FGM)

Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. A mandatory reporting duty requires

---

<sup>3</sup> <https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

teachers to report 'known' cases of FGM in under 18s, which are identified in the course of their professional work, to the police<sup>3</sup>.

The duty applies to all persons in Astwood Bank Primary School who is employed or engaged to carry out 'teaching work' in the school, whether or not they have qualified teacher status. The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead, however the DSL should be informed.

If a teacher is informed by a girl under 18 that an act of FGM has been carried out on her or a teacher observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the teacher should personally make a report to the police force in which the girl resides by calling 101. The report should be made by the close of the next working day.

Concerns about FGM outside of the mandates, reporting duty should be reported as per Astwood Bank Primary School's child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer vacation period. There should also be consideration of potential risk to other girls in the family and practicing community.

Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the police, including dialling 999 if appropriate.

There are no circumstances in which a teacher or other member of staff should examine a child.

### **5.16 Forced Marriage**

A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Forced marriage is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

A forced marriage is not the same as a pre-introduced or arranged marriage which is common in several cultures, whereby the families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

School staff should never attempt to intervene directly as a school or through a third party. Contact should be made with Family Front Door.

For further guidance, read '[Forced Marriage](#)' and '[Worcestershire's Forced Marriage, Honour-Based Violence and Female Genital Mutilation Protocol — January 2016](#)'

### 5.17 Children Missing Education

Attendance, absence and exclusions are closely monitored. A child going missing from education is a potential indicator of abuse and neglect, including sexual abuse and sexual exploitation or could be linked to trafficking.

The DSL will monitor unauthorised absences and take appropriate action including notifying the local authority particularly where children go missing on repeat occasions and/or are missing for periods during the school day in conjunction with 'Children Missing Education: Statutory Guidance for Local Authorities'<sup>4</sup>. Staff are made aware of these procedures at induction and through our Attendance policy (insert relevant school policy here).

Staff must be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage, and the vulnerabilities of looked after children who go missing.

### 5.18 Domestic Abuse

We recognise that exposures to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur with n their personal relationships as well as in the context of their home.

We will ensure that our pupils are educated to ensure they understand what a healthy relationship looks like, for example by using the:

WSCB Healthy Relationships- a whole school approach and resources from WCC Domestic Abuse and Sexual Violence website-see links below:

<http://www.worcestershire.gov.uk/domesticabuse>

### 5.19 Online Safety/Sexting

There is a separate policy in relation to online safety and the school have a robust approach to promoting safety through the curriculum. (Acceptable use and Internet Safety Policy) The practice of children sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. (sexting) Such imagery involving anyone under the age of 18 is illegal.

Youth produced sexual imagery refers to both images and videos where:

- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.

- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.

All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance 'Sexting in schools and colleges: responding to incidents and safeguarding young people'. Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to accordingly.

If a member of staff becomes aware of an incident involving youth produced sexual imagery, they should follow the child protection procedures and refer to the DSL as soon as possible. The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff should not view, copy or print the youth produced sexual imagery.

The DSL should hold an initial review meeting with appropriate school staff and subsequent interviews with the children involved (if appropriate). Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm.

Immediate referral at the initial review stage should be made to Family Front Door/Police if:

- The incident involves an adult.
- There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs);
- What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent.
- The imagery involves sexual acts.
- The imagery involves anyone aged 12 or under.
- There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.

If these factors are not present, then the DSL will use their professional judgement to assess the risk to pupils involved and may decide, with input from the Headteacher, to respond to the incident without escalation to Family Front Door or the police.

In applying judgement as to management within school or referral in line with child protection procedures, the following factors may be relevant.

- There is a significant age difference between the sender/receiver;
- There is any coercion or encouragement beyond the sender/receiver;
- The imagery was shared and received with the knowledge of the child in the imagery;
- The child is more vulnerable than usual i.e. at risk.
- There is a significant impact on the children involved;
- The image is of a severe or extreme nature;
- Capacity of child and understanding of consent;
- The situation is isolated or if the image been more widely distributed;
- There other circumstances relating to either the sender or recipient that may add cause for concern i.e. difficult home circumstances;

- There are previous similar incidents.

## 5.20 Allegations against staff

All staff should be mindful of the position of trust that they are in when working within an education setting. They need to comply with guidance about conduct and safe practice, including safe use of mobile phones.

Pupils' allegations or concerns about staff conduct will be taken seriously and followed up in a transparent and timely way.

If an allegation is made which meets the criteria as identified in Part 4 of Keeping Children Safe in Education, the member of staff receiving the allegation will immediately inform the Headteacher, unless the allegation concerns the Headteacher, in which case the Chair of Governors will be informed immediately. Where the Headteacher is the sole proprietor, the allegation will be reported directly to the Local Authority Designated Officer (I-ADO).

The Headteacher (or Chair of Governors) on all such occasions will discuss the content of the allegation with I-ADO, prior to undertaking any investigation.

The school will follow the DfE and West Mercia procedures LA procedures for managing allegations against staff, a copy of which is available in school.

The Head teacher (or Chair of Governors) will be guided by the LADO and an HR consultant when considering suspension or other neutral protective steps.

Publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law; this includes verbal conversations or written material including content placed on social media sites.

## 5.21 Managing Professional Disagreements

On occasions there will be disagreements between professionals as to how concerns are handled, and these can impact on effective working relationships. The school will support staff to promote positive partnerships within school and with other agencies and will ensure that staff are aware of how to escalate concerns and disagreements if appropriate and use the WSCB escalation procedures if necessary.

<http://westmidlands.procedures.org.uk/local-content/4gjN/escalation-policyresolution-of-professional-disagreements>

## 5.22 The use of 'reasonable force' in schools and colleges

There are circumstances when it is appropriate for staff in schools and colleges to use reasonable force to safeguard children and young people. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. Departmental advice for schools is available

[www.gov.uk/government/publications/use-of-reasonable-force-in-schools](http://www.gov.uk/government/publications/use-of-reasonable-force-in-schools)

Advice for colleges is available on the AOC website.

<https://www.aoc.co.uk/>

### 5.23 Modern Slavery

The Modern Slavery Act 2015 places a new statutory duty on public authorities, including schools, to notify the National Crime Agency (NCA) (section 52 of the Act) on observing signs or receiving intelligence relating to modern slavery. The public authority (including schools) bears this obligation where it has 'reasonable grounds to believe that a person may be a victim of modern slavery or human trafficking'. Staff need to be aware of this duty and inform the DSL should they suspect or receive information that either parents or their children may be victims of modern slavery. The DSL will then contact the NCA.

### 5.24 Private Fostering

A private fostering arrangement occurs when someone other than a parent or a close relative care for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 or aged under 18 if the child is disabled. Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.

Most privately fostered children remain safe and well but safeguarding concerns have been raised in some cases so it is important that schools are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Services as soon as possible. If we become aware of a privately fostering arrangement, we will check that Children's Services have been informed.

## 6 Other Relevant Policies

The Governing Body's statutory responsibility for safeguarding the welfare of children goes beyond compliance with child protection procedures. The safeguarding duty is relevant for the discharge of all functions and activities. This policy needs to be considered in conjunction with the following policies:

- Behaviour Management
- Staff Handbook/ Code of Conduct
- Racist Incidents Log
- Anti-Bullying (including Cyber Bullying)
- Physical Interventions/Restraint (DfE Guidance "Use of Reasonable Force" and "Screening, Searching and Confiscation")
- Special Educational Needs
- Trips and Visits
- First Aid and the Administration of Medicines
- Health and Safety
- Healthy Relationships
- Teaching and learning
- Complaints Procedure
- Safe and Appropriate Use of Images

- Equal Opportunities
- Toileting/Intimate Care
- E safety and acceptable use Policy
- Extended School Activities
- Supporting Pupils/Students with Medical Conditions
- Looked After Children
- Preventing Extremism and Radicalisation
- Whistleblowing

## 7 Safer Recruitment and Selection of Staff

- I. The school's safer recruitment processes follow the most recent Statutory Guidance: Keeping Children Safe in Education, Part Three: Safer Recruitment page 47. The school has a written recruitment and selection policy statement and procedures linking explicitly to this policy. The statement is included in all job advertisements, publicity material, recruitment websites, and candidate information packs.
- II. The recruitment process is robust in seeking to establish the commitment of candidates to support the school's measures to safeguard children and to identify, deter or reject people who might pose a risk of harm to children or are otherwise unsuited to work with them. (Teachers are checked using the Teacher Services website)
- III. In line with statutory requirements, every interview panel for school staff will have at least one member (teacher/manager or governor) who has undertaken safer recruitment training either online or by attending the local authority one day Safer Recruitment training course. Our governors are subject to an enhanced DBS check without barred list check.
- IV. The school maintains a single central record of recruitment checks for audit purposes.
- V. All staff working within our school who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications and a satisfactory barred list check, enhanced DBS check and a right to work in the UK.
- VI. Any member of staff working in regulated activity prior to receipt of a satisfactory DBS check will not be left unsupervised and will be subject to a risk assessment.
- VII. Volunteers who are not working in regulated activity, will be always supervised.
- VIII. Staff and volunteers who provide early years or later years childcare and any managers of such childcare are covered by the disqualification regulations of the Childcare Act 2006 and are required to declare relevant information - see statutory guidance: Disqualification under the Childcare Act 2006 (February 2015).
- IX. The school will provide all the relevant information in references for a member of staff about whom there have been concerns about child protection / inappropriate conduct. Cases in which an allegation has been proven to be unsubstantiated, unfounded, false or malicious will not be included in employer references. A history of repeated concerns or allegations which have all been found to be unsubstantiated, malicious etc. will also not be included in a reference.
- X. New starters including volunteers receive a safeguarding induction and are briefed on the code of conduct for adults working with children.
- XI. In addition to obtaining any DBS certificate as described above, any member of staff who is appointed to carry out teaching work will require an additional check to ensure they are not prohibited from teaching.<sup>43</sup> For those engaged in management roles (in independent schools - including academies and free schools) an additional check is required to ensure they are not prohibited under section 128 provisions.<sup>44</sup> See the 'Pre appointment checks' section from page 35.

Check to make sure your report is clear now - and will also be clear to a stranger reading it next

## Actions where there are concerns about a child

1. In cases which also involve an allegation of abuse against a staff member, see Part four of this

Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of *Working together to safeguard children* provides detailed guidance on the

- Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. This can include s17 assessments of children in need and s47 assessments of children at risk of significant harm. Full details are in Chapter one of *Working together to safeguard children*.
- This could include applying for an Emergency Protection Order (EPO).

*A centre of learning and opportunity*

## Recognition & Identification of Abuse (Guidance for Staff What is abuse?)

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, or another child or children.

### Indicators of Abuse

Caution should be used when referring to lists of signs and symptoms of abuse. Although the signs and symptoms listed below may be indicative of abuse there may be alternative explanations. In assessing the circumstances of any child any of these indicators should be viewed within the overall context of the child's individual situation including any disability.

### Emotional Abuse

Emotional Abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Emotional abuse is difficult to:

- define
- identify/recognise
- prove

Emotional abuse is chronic and cumulative and has a long-term impact. Indicators may include:

- Physical, mental and emotional development lags
- Sudden speech disorders
- Continual self-depreciation (stupid, ugly, worthless, etc.)
- Overreaction to mistakes
- Extreme fear of any new situation
- Inappropriate response to pain ('I deserve this')
- Unusual physical behaviour (rocking, hair twisting, self-mutilation) - consider within the context of any form of disability such as autism
- Extremes of passivity or aggression
- Children suffering from emotional abuse may be withdrawn and emotionally flat. One reaction is for the child to seek attention constantly or to be over-familiar. Lack of self-esteem and developmental delay are again likely to be present

- Babies — feeding difficulties, crying, poor sleep patterns, delayed development, irritable, non-cuddly, apathetic, non-demanding
- Toddler/Pre-School — head banging, rocking, bad temper, 'violent', clingy. From overactive to apathetic, noisy to quiet. Developmental delay — especially language and social skills
- School age — Wetting and soiling, relationship difficulties, poor performance at school, non-attendance, antisocial behaviour. Feels worthless, unloved, inadequate, frightened, isolated, corrupted and terrorised
- Adolescent — depression, self-harm, substance abuse, eating disorder, poor self-esteem, oppositional, aggressive and delinquent behaviour
- Child may be underweight and/or stunted
- Child may fail to achieve milestones, fail to thrive, experience academic failure or under achievement
- Also consider a child's difficulties in expressing their emotions and what they are experiencing and whether this has been impacted on by factors such as age, language barriers or disability

## Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to provide adequate food, clothing and shelter (including exclusion from home or abandonment), failing to protect a child from physical and emotional harm or danger, failure to ensure adequate supervision (including the use of inadequate caregivers) or failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

There are occasions when nearly all parents find it difficult to cope with the many demands of caring for children. But this does not mean that their children are being neglected. Neglect involves ongoing failure to meet a child's needs. Neglect can often fit into six forms which are:

- Medical — the withholding of medical care including health and dental.
- Emotional — lack of emotional warmth, touch and nurture
- Nutritional — through lack of access to a proper diet which can affect in their development.
- Educational — failing to ensure regular school attendance that prevents the child reaching their full potential academically
- Physical — failure to meet the child's physical needs
- Lack of supervision and guidance — meaning the child is in dangerous situations without the ability to risk assess the danger.

## Common Concerns:

With regard to the child, some of the regular concerns are:

- The child's development in all areas including educational attainment
- Cleanliness
- Health
- Children left at home alone and accidents related to this
- Taking on unreasonable care for others
- Young carers

Neglect can often be an indicator of further maltreatment and is often identified as an issue in serious case reviews as being present in the lead up to the death of the child or young person. It is important to recognise that the most frequent issues and concerns regarding the family in relation to neglect relate to parental capability. This can be a consequence of:

- Poor health, including mental health or mental illness
- Disability, including learning difficulties
- Substance misuse and addiction
- Domestic violence

School staff need to consider both acts of commission (where a parent/carer deliberately neglects the child) and acts of omission (where a parent's failure to act is causing the neglect).

---

<sup>7</sup> Source: Horwath, J (2007): Child neglect: identification and assessment: Palgrave Macmillan

This is a key consideration with regard to school attendance where parents are not ensuring their child attend school regularly.

Many of the signs of neglect are visible. However, school staff may not instinctively know how to recognise signs of neglect or know how to respond effectively when they suspect a pupil is being neglected. Children spend considerable time in school, so staff have opportunities to identify patterns over time and recognise and respond to concerns about their safety and welfare. All concerns should be recorded and reflected upon, not simply placed in a file.

Here are some signs of possible neglect:

#### **Physical signs:**

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Emaciation
- Untreated medical problems
- The child seems underweight and is very small for their age
- The child is poorly clothed, with inadequate protection from the weather
- Neglect can lead to failure to thrive, manifest by a fall away from initial centile lines in weight, height and head circumference. Repeated growth measurements are crucially important
- Signs of malnutrition include wasted muscles and poor condition of skin and hair. It is important not to miss an organic cause of failure to thrive; if this is suspected, further investigations will be required
- Infants and children with neglect often show rapid growth catch-up and improved emotional response in a hospital environment
- Failure to thrive through lack of understanding of dietary needs of a child or inability to provide an appropriate diet; or may present with obesity through inadequate attention to the child's diet
- Being too hot or too cold — red, swollen and cold hands and feet or they may be dressed in inappropriate clothing
- Consequences arising from situations of danger — accidents, assaults, poisoning
- Unusually severe but preventable physical conditions owing to lack of awareness of preventative health care or failure to treat minor conditions
- Health problems associated with lack of basic facilities such as heating

- Neglect can also include failure to care for the individual needs of the child including any additional support the child may need as a result of any disability
- Behavioural signs:
  - No social relationships
  - Compulsive scavenging
  - Destructive tendencies
  - If they are often absent from school for no apparent reason
  - If they are regularly left alone, or in charge of younger brothers or sisters
  - Lack of stimulation can result in developmental delay, for example, speech delay, and this may be picked up opportunistically or at formal development checks
  - Craving attention or ambivalent towards adults, or may be very withdrawn
  - Delayed development and failing at school (poor stimulation and opportunity to learn)
  - Difficult or challenging behaviour

### Physical Abuse:

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

When dealing with concerns regarding physical abuse, refer any suspected non-accidental injury to the Designated Safeguarding Lead without delay so that they are able to seek appropriate guidance from the police and/or Children's Services in order to safeguard the child.

Staff must be alert to:

- Unexplained recurrent injuries or burns; improbable excuses or refusal to explain injuries;
- Injuries that are not consistent with the story: too many, too severe, wrong place or pattern, child too young for the activity described.

### Physical signs:

- Bald patches
- Bruises, black eyes and broken
- Untreated or inadequately treated injuries
- Injuries to parts of the body where accidents are unlikely, such as thighs, back, abdomen
- Scalds and burns
- General appearance and behaviour of the child may include:
  - Concurrent failure to thrive: measure height, weight and, in the younger child, head circumference;
  - Frozen watchfulness: impassive facial appearance of the abused child who carefully tracks the examiner with his eyes.
- Bruising:
  - Bruising patterns can suggest gripping (finger marks), slapping or beating with an object.
  - Bruising on the cheeks, head or around the ear and black eyes can be the result of non-accidental injury.

### Other injuries:

- Bite marks may be evident from an impression of teeth
- Small circular burns on the skin suggest cigarette burns
- Scalding inflicted by immersion in hot water often affects buttocks or feet and legs symmetrically
- Red lines occur with ligature injuries
- Retinal haemorrhages can occur with head injury and vigorous shaking of the baby
- Tearing of the frenulum of the upper lip can occur with force-feeding. However, any injury of this type must be assessed in the context of the explanation given, the child's developmental stage, a full examination and other relevant investigations as appropriate.
- Fractured ribs: rib fractures in a young child are suggestive of non-accidental injury
- Other fractures: spiral fractures of the long bones are suggestive of non-accidental injury

### Behavioural signs:

- Wearing clothes to cover injuries, even in hot weather
- Refusal to undress for gym
- Chronic running away
- Fear of medical help or examination
- Self-destructive tendencies
- Fear of physical contact - shrinking back if touched
- Admitting that they are punished, but the punishment is excessive (such as a child being beaten every night to 'make him study')
- Fear of suspected abuser being contacted
- Injuries that the child cannot explain or explains unconvincingly
- Become sad, withdrawn or depressed
- Having trouble sleeping
- Behaving aggressively or be disruptive
- Showing fear of certain adults
- Having a lack of confidence and low self-esteem
- Using drugs or alcohol
- Repetitive pattern of attendance: recurrent visits, repeated injuries
- Excessive compliance
- Hyper-vigilance

## Sexual Abuse

Sexual Abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may include non-contact activities, such as involving children in looking at or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Sexual abuse is usually perpetrated by people who are known to and trusted by the child — e.g. relatives, family friends, neighbours, people working with the child in school or through other activities.

### Characteristics of child sexual abuse:

- It is usually planned and systematic — people do not sexually abuse children by accident, though sexual abuse can be opportunistic;
- Grooming the child — people who abuse children take care to choose a vulnerable child and often spend time making them dependent. This can be done in person or via the internet through chat-rooms and social networking sites;
- Grooming the child's environment — abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives. Again, this can be done in person or via the internet through chat-rooms and social networking sites.

#### In young children behavioural changes may include:

- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Being overly affectionate - desiring high levels of physical contact and signs of affection such as hugs and kisses
- Lack of trust or fear of someone they know well, such as not wanting to be alone with a babysitter or child minder
- They may start using sexually explicit behaviour or language, particularly if the behaviour or language is not appropriate for their age
- Starting to wet again, day or night/nightmares

#### In older children behavioural changes may include:

- Extreme reactions, such as depression, self-mutilation, suicide attempts, running away, overdoses, anorexia
- Personality changes such as becoming insecure or clinging
- Sudden loss of appetite or compulsive eating
- Being isolated or withdrawn
- Inability to concentrate
- Become worried about clothing being removed
- Suddenly drawing sexually explicit pictures
- Trying to be 'ultra-good' or perfect; overreacting to criticism
- Genital discharge or urinary tract infections
- Marked changes in the child's general behaviour. For example, they may become unusually quiet and withdrawn, or unusually aggressive. Or they may start suffering from what may seem to be physical ailments, but which can't be explained medically

- The child may refuse to attend school or start to have difficulty concentrating so that their schoolwork is affected
- They may show unexpected fear or distrust of a particular adult or refuse to continue with their usual social activities
- The child may describe receiving special attention from a particular adult, or refer to a new, "secret" friendship with an adult or young person
- Children who have been sexually abused may demonstrate inappropriate sexualised knowledge and behaviour
- Low self-esteem, depression and self-harm are all associated with sexual abuse Physical signs and symptoms for any age child could be:
  - Medical problems such as chronic itching, pain in the genitals, venereal diseases
  - Stomach pains or discomfort walking or sitting
  - Sexually transmitted infections
  - Any features that suggest interference with the genitalia. These may include bruising, swelling, abrasions or tears
  - Soreness, itching or unexplained bleeding from penis, vagina or anus
  - Sexual abuse may lead to secondary enuresis or faecal soiling and retention
  - Symptoms of a sexually transmitted disease such as vaginal discharge or genital warts, or pregnancy in adolescent girls

### **Sexual Abuse by Young People**

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. it may also be that the behaviour is "acting out" which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity includes any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

### **Assessment**

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- Equality — consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies

- Consent — agreement including all the following:
- Understanding that is proposed based on age, maturity, development level, functioning and experience
- Knowledge of society's standards for what is being proposed
- Awareness of potential consequences and alternatives
- Assumption that agreements or disagreements will be respected equally
- Voluntary decision
- Mental competence
- Coercion — the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance. In evaluating sexual behaviour of children and young people, the above information should be used only as a guide.

*A centre of learning and opportunity*
